

REMARKS

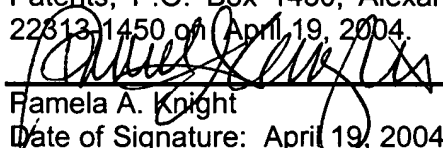

In the final Office action dated November 18, 2003, claim 17 was allowed. Claims 1 and 12 were rejected under 35 U.S.C. 102(b) as being anticipated by Stowe (U.S. Patent No. 5,039,120). Claims 2-11 and 13-16 were objected to as being dependent upon a rejected base claim.

Applicant respectfully disagrees with the rejections over Stowe. However for the purpose of advancing prosecution, while reserving all rights to traverse the prior art rejection in a subsequent continuation application, applicant has decided to amend claims 1 and 12 to incorporate the language of claims 2 and 13, respectively.

Applicant submits that the application is in allowable form, and respectfully requests that the Examiner enter the amendment and issue a Notice of Allowance. Applicant reserves the right to file a continuation application on the rejected claims. Please contact applicant's attorney if there are any other issues to address.
